## Profile

---

Dedicated and detail-oriented BCA Computer Science student with a strong foundation in Software Testing, SDLC, and STLC processes. Passionate about Manual and Automation Testing with hands-on experience in Functional Testing, Regression Testing, Smoke Testing, API Testing, and Selenium Automation. Seeking a QA Intern position to apply testing methodologies, defect tracking, and automation skills to deliver high-quality, reliable software products.

## Education

---

2022 – 2025	<b>BCA</b>
Bangaluru, India	<i>kristu jayanti college</i> <a href="#">🔗</a>
2020 – 2022	<b>St.Josephe pre-University college</b> <a href="#">🔗</a>
Banglore, India	

## Projects

---

### REST API Testing Project – Online Service Application API Tester – Postman

- Performed REST API Testing using Postman for multiple endpoints including GET, POST, PUT, and DELETE requests.
- Validated HTTP status codes, response time, headers, and JSON response body data.
- Created and managed Postman Collections with environment variables for multiple test environments.
- Implemented automated test scripts in Postman using JavaScript for response validation.
- Identified and reported 25+ API defects related to incorrect status codes and data mismatches.
- Improved API reliability by 30% through structured validation and regression testing cycles.

### E-Commerce Web Application Testing Project Manual Tester [🔗](#)

- Analyzed Business Requirement Documents (BRD) and prepared comprehensive Test Plan aligned with SDLC and STLC phases.
- Designed and executed 150+ detailed Test Cases and Test Scenarios covering Functional Testing, Smoke Testing, Regression Testing, Boundary Value Analysis, and Edge Case Testing.
- Logged and tracked 40+ defects using JIRA with clear steps to reproduce, severity, and priority classification.
- Performed cross-browser and responsive testing to ensure consistent behavior across devices.
- Improved overall test coverage by 35% and reduced post-release defects by 30% through systematic regression cycles.
- Maintained detailed Test Documentation and daily status reports using MS Excel.
